7972 Farley Dr NE, Turtle River, MN 56601

Why You Need Our Product?

**Our high quality meat stands apart from our competition.
Taste the difference.**

At Stittsworth Meats, we ensure that we provide the highest quality meat possible. This includes the meat we use for our fresh and smokehouse products. Our company supports Midwest farms and the economy. Stittsworth Meats offers a variety of high quality meats and smokehouse items, with a commitment to old-fashioned quality and taste. We **ONLY** use the top 5% grade quality meat. We are also proud to support farmers and the community by using meat sourced within the Midwest region. Our meat sourcing method allows Midwest farms to thrive and keep the meat we consume as close to home as possible.

What Sets Our Brats & Wieners Apart?

We use 60% beef and 40% pork for all of our Brats! Our Brats and Old fashioned Wieners stand apart because we only use natural casings. This produces that great “snap” when you bite into them! For smoking we use real oak, hickory and cherry to develop a fantastic smoke flavor. No artificial smoke flavors are added, unlike other competitors.

At Stittsworth Meats we create a truly superior product that your customers will appreciate. We use only the highest quality lean meat for our Brats and Old Fashioned Wieners. This creates the perfect grilling product. Your meat will not flare up and spit grease during grilling! All of our Brats are pre-cooked and safe to eat right out of the package! Plus, our Brats and Old Fashioned Wieners have a 120 day shelf life from the packaging date!

Rope Sausage

14oz | 1 per pack
12 packs per case

Stittsworth Rope Sausage

At Stittsworth Meats, our Rope Sausage is a step above the typical “Ring Bologna”. Made only from the highest quality beef and pork and with all natural casings, our Rope Sausage delivers the “snap” you know and love. Our Rope Sausage is smoked with real wood smoke for an authentic smoked flavor. We pride ourselves in making every product the ultimate taste experience.

Fresh Jerky: We Take It To The Next Level

Stittsworth's Beef Strips are actually Fresh Jerky! This product is so amazing because of the fresh quality. Tender and soft beef jerky is way better than a dried out piece of traditional jerky. Plus, our Beef Strips can't sit out on the shelf for a year!

You know you are getting a fresh product with our Beef Strips. In fact it's so fresh we can't even call it "jerky", we have to call it Beef Strips! We felt keeping the freshness was more important than a name designation. Enjoy some Fresh Jerky the Stittsworth way.

Wild Rice Cheddar Summer Sausage

12oz
12 packs per case

Jalapeno Cheddar Summer Sausage

12oz
12 packs per case

Stittsworth Original Summer Sausage

12oz
12 packs per case

Signature Summer Sausage

Stittsworth Summer Sausage is superior to our competition. Why? Our meat ratio is more Beef than Pork. Plus, we do not use any fillers, such as organ meat! Our Summer Sausage is also preservative free. All we use is real ground beef, pork and seasoning – that's it!

Have you ever wondered why other types of summer sausage have a tangy flavor... It's due to certain preservatives that add to the product shelf life. Our quality first approach ensures a fresh product with great flavor!

What Makes Our Beef Sticks Unique?

Who doesn't enjoy a great Beef Stick! At Stittsworth Meats we offer 4 customer-friendly flavors, plus 2 types of Beef Sticks with Cheese Curds. All of our Beef Sticks are made fresh. We use 100% beef for our Beef Sticks, no organ meat or fillers are used in our products. We also use All Natural Sheep Casings that give an old fashioned meat market look and taste. We believe in a quality first approach. All of our Beef Sticks are smoked with real wood smoke, for a fantastic smoked flavor.

Stittsworth Smokehouse

Quality Ingredients

Are you looking for an "All Natural" hand patty textured burger...that tastes like your favorite burger joint? Well, look no further!

Stittsworth Meats has been known for supplying high quality ground beef to restaurants in the northland for years. We use high grade 100% beef (from whole muscle meat) for our burgers. This ensures the best flavor and texture. We use only the best ingredients in our custom flavored burgers.

We use a unique "Hand-Pattied" technique that creates the ultimate burger texture. This technique comes from squeezing the ground beef into a patty similar to using your hands, rather than compressing the burger into a round metal plate under high pressure, which can produce a rubbery texture.

Stittsworth uses special packaging film that allows the meat to bloom into a nice vibrant color, without having to use gases or solutions, to achieve the desired color. By doing this unique process we are able to keep our "All Natural" certification.

MARINATED CHICKEN BREAST

RAW VERSION

STITTS CHICKEN™

All Natural Marinated Chicken Breasts.
6 Flavors Available

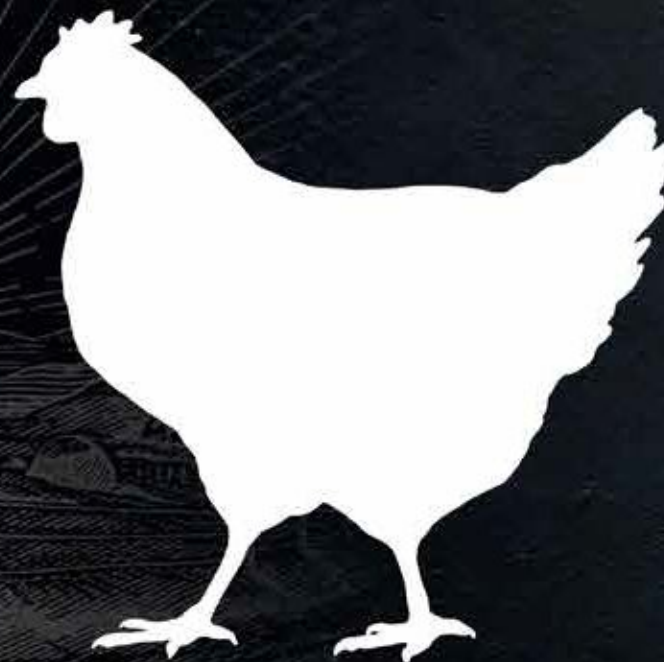

All of our chicken is hatched, raised and harvested in the USA. Farm-fresh and ready to amaze your taste buds. In fact, there's a good chance the chicken you find at your local store was packaged and delivered within 24 hours. Thanks to smart logistics and strategic locations, we maintain the utmost freshness and quality control.

Because our chicken never leaves the country for processing, we always have direct control over the quality of our products by going above and beyond FDA and USDA standards throughout our entire process.

WHAT WE OFFER

Now offering the first ever chicken
marinade line that is entirely...

- ALL NATURAL
- NO MSG
- PHOSPHATE FREE
- NO ADDED HORMONES
